REVIEW OF PROPOSAL

Research Career Development (RCD) and Advanced Research Career Development (ARCD) proposals should be reviewed with respect to the evaluation factors listed below. The written review should include a critical evaluation of the strengths and weaknesses of each factor using the criteria in the scoring chart. We request that your report cover the outline listed below, with appropriate headings to identify each section. Start the text of your review on the next page. Please avoid mentioning the score, explicit descriptions of your level of enthusiasm, or whether or not you believe the proposal should be funded in the text of your review, and please do not write your name on the text pages of your review.

Reports should address the following areas:

- A) Applicant
- B) Mentor
- C) Training Program
- D) Scientific Evaluation
- E) Relevance to the VA Mission

Please score the proposal below by checking the appropriate box for each of the five categories.

Scale of 10-50: 10 = Excellent, 20 = Very Good, 30 = Good, 40 = Fair, 50 = Poor
